SOURCE WATER ASSESSMENT SUMMARY

Swing Bridge Marketplace

Well	Town	Well Type	Source Water
Location			Area (acres)
117 Bridge Road	Haddam	Drilled	

Factor	Source Water Assessment Ratings For This Well	Rating
I	Environmental Sensitivity	High
II	Potential Risk Factors	High
Overall Susceptibility to Potential Sources of Contamination High		High

This rating is intended to indicate susceptibility to potential sources of contamination that may be in the wellfield source water area and does not necessarily imply poor water quality.

As	sessment Factors	Initial Assessment Findings	Recommendations for Enhanced Source Protection
Г	Contaminants Detected in Source Water	Nitrate >1mg/L	Maintain monitoring levels specified in the Connecticut Public Health Code Section 19-13-B102
I	General condition of well and related equipment	Average	Maintain well and equipment according to best management practices
II	Number of DEP-inventoried Contaminant Release Points in Source Water Area	Insufficient Data	
II	Number of Potential Sources of Contamination in Source Water Area	Insufficient Data	
П	Land Use/Land Cover on the Well's Source Water Area (Based on Satellite Imagery developed by University of Conn.)	Commercial/Industrial Residential Agricultural Open or Undeveloped	Proactively work with local officials and developers to insure that only low risk development occurs within the source water area. Support and encourage the acquisition of open space land within the source water area.

General Recommendations For All Non-community Public Water Systems

Land Area Around Wellhead	Water system owner should provide information about the amount of land it owns or controls within a 200 foot radius around this well	
Water System Source Protection Initiatives	Water system owner should provide information about basic practices employed to protect its drinking water sources	
Local Government Source Protection Initiatives	Water system owner should support the development of local zoning or aquifer protection regulations to enhance the protection of public drinking water sources
